- **Agriculture Sector**

GDP Growth by Sectors

1. Garment Industry

- The garment industry in Cambodia absorbs a tremendous amount of money to GDP growth.
- Approximately \$5.7billion in clothing and shoes were exported in 2019 which accounts for as much as a 95% of all exports from Cambodia.
- The garment industry employs around 700,000 people, mostly women
- 90% of the owners are Chinese, Taiwanese, Malaysian or South Korean

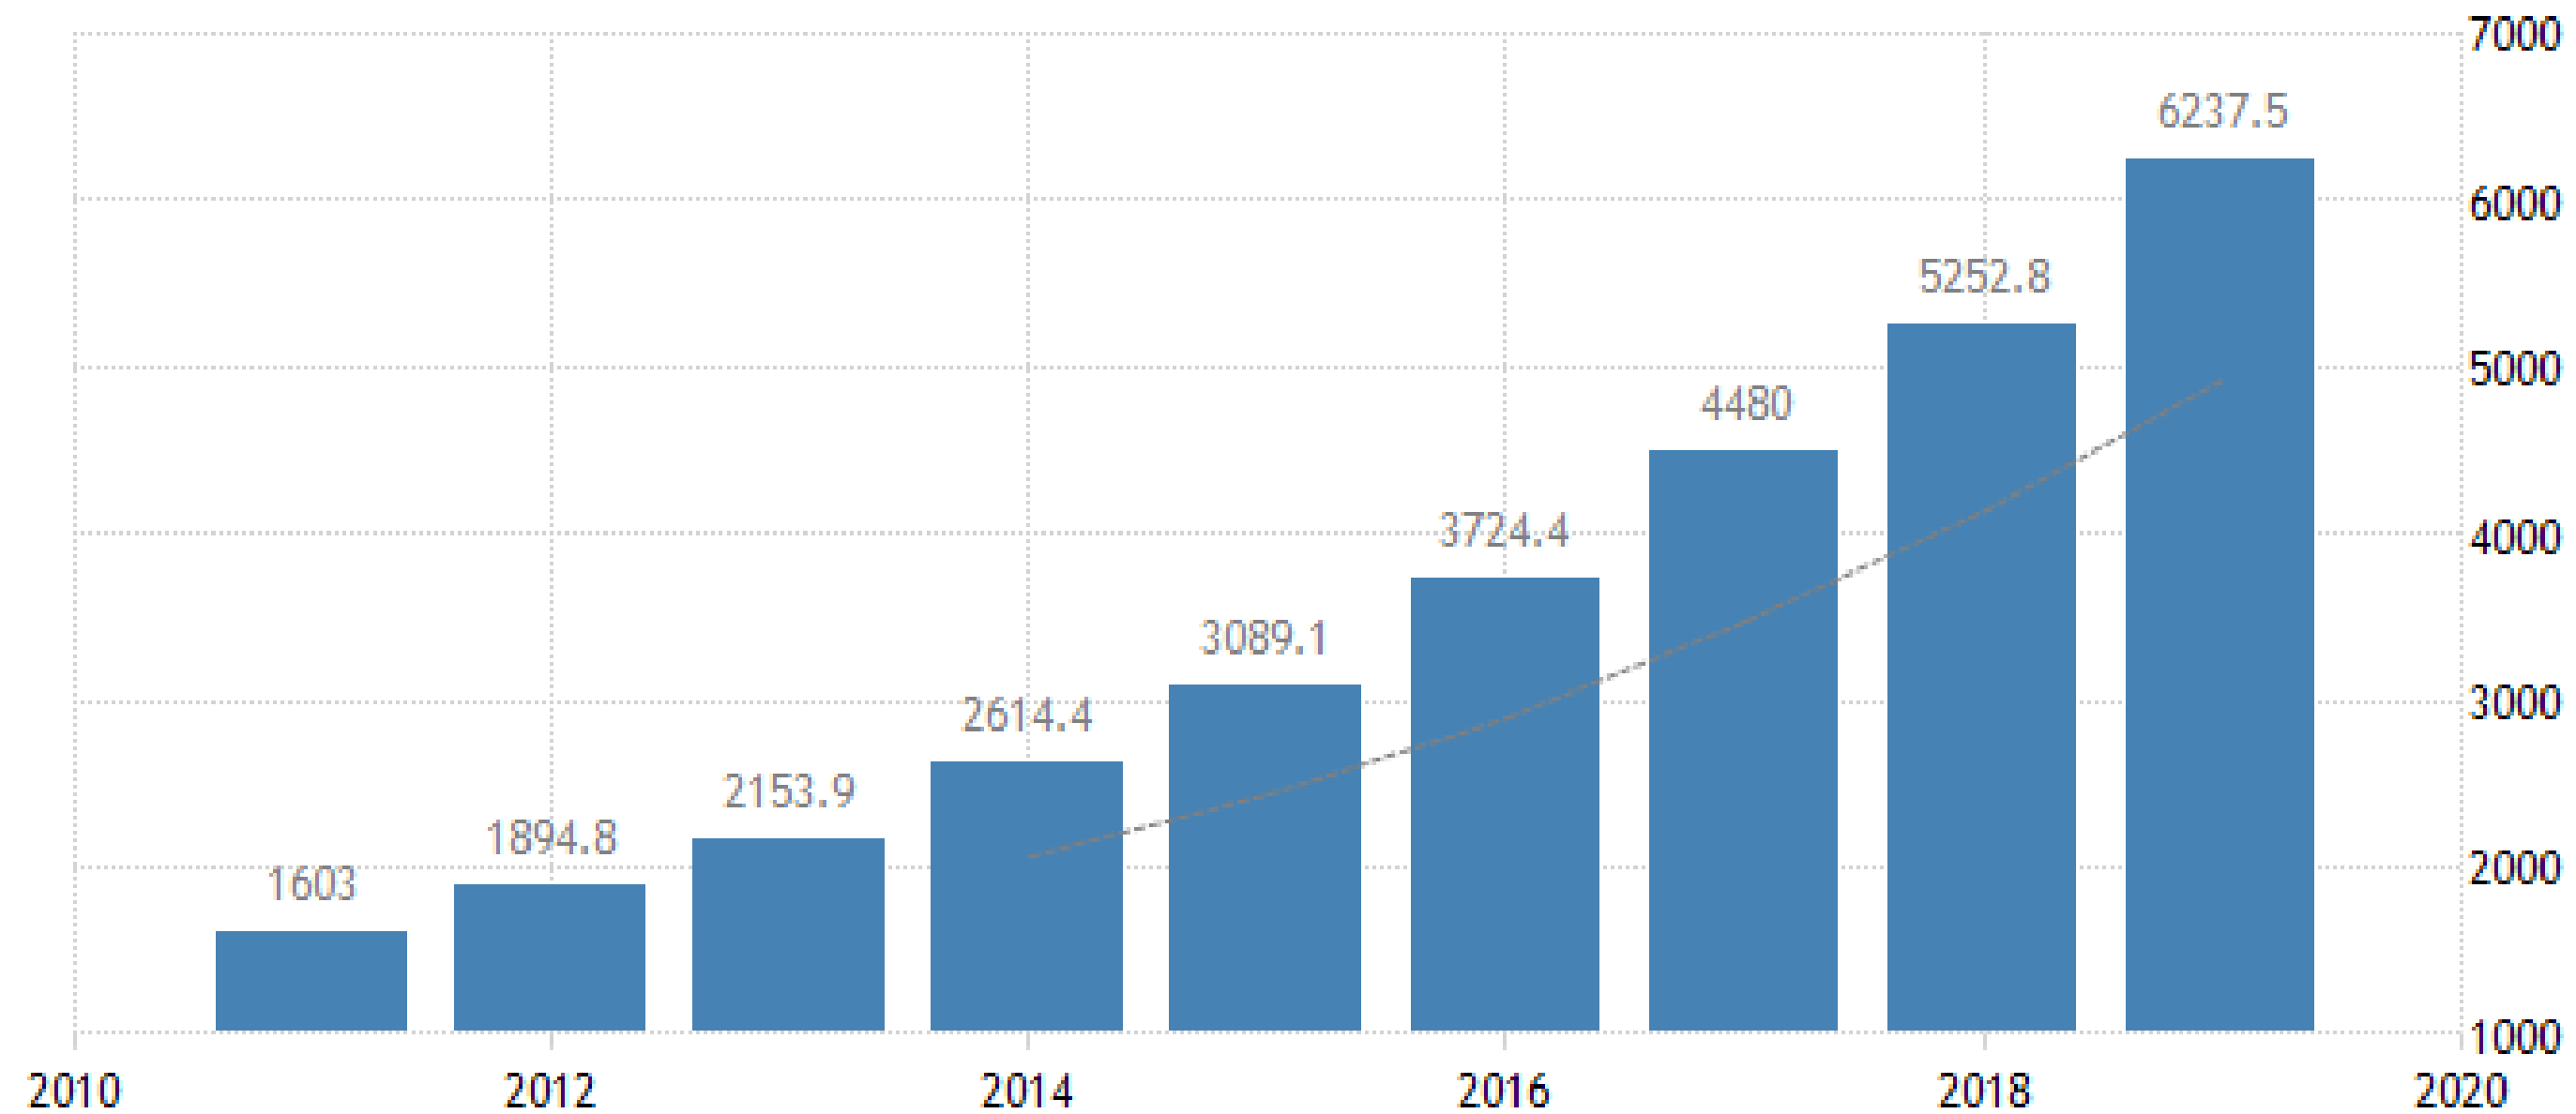

2. Construction

- The current poor country's infrastructure, construction and engineering services are in high demand for the foreseeable future in Cambodia
- The total investment in infrastructure is estimated to be in the range of \$12 billion to \$16 billion from 2013 to 2022.
- The construction sector created around 200,000 jobs in 2016, a 33.3 percent year-on-year increase (World Bank, 2016)
- Noticing that Infrastructure investment is generally state-led and mostly financed by foreign aid.
